Article 2, Chapter 6 of the California State Law permits the governing board of a school district to grant the use of school buildings or grounds for public, literary, scientific, recreational, or educational meetings. Under the law, the governing board establishes such terms and conditions of usage as it deems proper. (E.C. 40040-40058)

Any group or person desiring the use of school facilities or equipment shall check directly with the administrator of the facility that is to be used. The District form shall then be completed indicating the date, time, purpose and nature of the meeting, including the signed verification by school personnel. The completed and verified form shall then be sent to the Director of Maintenance, Operations and Business Services for approval. One copy will be returned to the applicant after approval. The time of application should be at least ten days prior to the event. Athletic facilities will not be approved for less than ten (10) persons. Cancellations should be made in writing 24 hours preceding the date and time of the event. This is to ensure notification to custodians and other support personnel.
